PROFESSIONAL SUMMARY

A Product Designer in Vietnam dedicated to crafting meaningful experiences for end-users and cross-functional teams. I take a big-picture approach to solving problems, focusing on scalable, cohesive design systems that ensure consistency and usability. With expertise in UX flows, prototyping, and collaboration, I create intuitive, user-centric solutions that align design with business goals.

SKILLS

- **User Experience (UX) Design** – Wireframing, User Research, Usability Testing, Information Architecture,
- **User Interface (UI) Design** – Design Systems
- **Prototyping & Tools** – Figma, Sketch

- **Collaboration & Communication** – Agile Methodologies, Cross-functional Teamwork, Design Thinking
- **Software** – Figma, Miro, Notion, Jira, Trello

WORK EXPERIENCE

Product Designer

[Halothemes Company](#) | Viet Nam | June 2023 - Now | On-site

Gather requirements from stakeholders and analyze insights to align design decisions with business goals.

Lead end-to-end design processes for web and mobile applications, enhancing user experience and engagement.

Conduct market research, competitor analysis, and product evaluation to identify opportunities for improvement.

Create wireframes and develop interactive prototypes to optimize product functionality and usability.

Improve design consistency by establishing and maintaining a scalable design system (40%).

Ensure responsive design across desktop, tablet, and mobile devices for seamless user experience.

Collaborate closely with developers to ensure smooth design implementation.

Consider necessary customizations to make themes adaptable across multiple websites.

UI/UX Design Intern

[TymeX](#) | Viet Nam | Jan 2023 - May 2023 | Hybrid

Gaining hands-on experience in structuring and organizing a design system, particularly across multiple regional versions (Philippines vs. South Africa).

Learning to break down requirements from a Business Analyst (BA) and translate them into UX flows.

Developing skills in manual testing, ensuring that the UI and user flows align with the intended design.

Strengthening communication skills by working with BAs, developers, and designers to align on product requirements.

UI/UX Design Intern

[Dometic Media](#) | Viet Nam | Jan 2023 - May 2023 | Remote

Designed a SaaS landing page for an e-commerce outsourcing platform, ensuring a user-friendly and visually engaging experience.

Collaborated with the Account Manager and Content team to refine stakeholder requirements and align the design with business goals.

Support design team to conduct the sitemap, wireframing, and final design process to create a seamless and intuitive user journey.
